FLO, the “Leading” Canadian supplier of **SKF / LINCOLN / GRACO** Auto Lube Systems and **AFEX** Mobile Heavy Equipment Fire Suppression Systems, has an immediate opening for the following position.

INSTALLATION / SERVICE TECHNICIAN

We need a mature self-starter to independently do on-site installations and servicing of auto grease systems and fire suppression systems at heavy construction or mining customers (initially 80% of the time). When **not** on service calls or installations, you will work in our Mississauga facility doing in-house service or system pre-assembly.

You have previous experience either installing and servicing mobile fire suppression or automatic lubrication systems on heavy-duty mobile construction or mining equipment. You have some technical education i.e. pre-apprenticeship course, college mechanical diploma, an IMM, heavy truck / coach apprenticeship or fire suppression training.

Your “hands-on tools” background is complemented by on-site mobile welding and fabrication experience. You have a valid “G” license with a clean driving record. In a perfect world, you have a working knowledge of computers, the Internet, MS Office software. In your past positions, you have become a “Trusted Advisor” by building strong working relationships with your customers.

You live in the Greater Toronto area. You have a wide range of professional grade hand tools (list to be provided) suitable to install / service fire suppression or auto lube systems. Compensation is based upon experience. We offer a competitive salary and Company benefit plan. Product training is provided on autogreasers or fire suppression systems as applicable.

START DATE: ASAP
